Our annual membership drive is under way!

Since the first excavation was started on the site of the Fort Plain Blockhouse back in 1961 the museum has been on a mission of discovery. We are fortunate that a few of the dedicated volunteers who were present fifty years ago are still active with the museum today. Because of these folks we can truly say we know more about Fort Plain/Fort Rensselaer than ever before. In the years since the museum has come to mean many things to many people throughout the Mohawk Region. Our collections now include 19th century carriages, early horse drawn sleighs, 18th & 19th century farming implements, Erie Canal history and artworks by Rufus Grider. The museum also has an excellent collection of Native American artifacts from the former Mohawk Caughnawaga Museum. Due to space limitations only a por-

tion of this material is on display at any one time. Our exhibits are badly in need of reorganization and rehab. This year with your help we are looking to raise the money needed to modernize our presentations and create an atmosphere of professionalism which will reflect the true historic character of our collections. With your support we will take the museum to the next step by creating and refining our half century old institution for future visitors.
